

SIMULATED DETECTIVE REPORT – EDUCATIONAL USE ONLY

City of Monterey, CA Police Department
Detective Investigation Status Report

Date	10 December 2009
Time	4:30 PM
Affiant	Detective Joe Friday
Case Number	MT-2009-12-015
Report Number	003

Summary

Contact with Pat McGoo; authorized voluntary search.

Cause for Action

After evidence of kitty exploitation was found on the computer referenced in prior reports, CoD determined that the best course of action would be to meet with McGoo and pursue a voluntary search of as much information as possible. The decision was made to pursue a warrant only if required.

Action Taken

Detectives Friday and Gannon met with McGoo at M57 Patents. We were able to speak to him privately. McGoo indicated that the computer was probably stolen, having been told it was non-functional. McGoo confirmed that Jo was an employee. McGoo was cooperative, but wanted to speak with a lawyer before authorizing search.

Outcome

McGoo has contacted a lawyer, and seems to intend to authorize a search. McGoo has promised not to tell employees, and will contact us with a decision tomorrow morning.
